# 1-4 The Bible and the Sciences

Although the Bible is not a science book, certain aspects and elements of science—as they were understood at the time the Bible was written—are included in biblical imagery.

What things are studied in each of these fields of science?

- astronomy \_\_\_\_\_
- botany/ecology \_\_\_\_\_
- geology \_\_\_\_\_
- hematology \_\_\_\_\_
- hydrology \_\_\_\_\_
- mathematics \_\_\_\_\_
- marine biology \_\_\_\_\_
- meteorology \_\_\_\_\_

Look up the following Bible passages. The passages refer to elements from each of the sciences listed above. In the first column, identify the element that is used, and in the second column, describe how it is used.

Bible Passage	Element Used	How Element Is Used
Genesis 15:5		
Genesis 6:15		
Exodus 12:13		
2 Samuel 22:2–3		
Job 36:27-33		
Ezekiel 47:9–10		
Matthew 13:26		
John 4:13–14
